SPANISH 101

Introduction

Looking back at my life I could see the hand of God on my life some 26 years ago when a servant of the Lord said to me that she had to teach me to speak Spanish. Thinking that at the place where I was at that time it would only be for a short while, but the Lord had other plans and when I stop running from my calling it all fell into place.

After 9 ½ years the Lord open up over 19 countries to me to go and preach the gospel of the Kingdom. I had the privileged to work for T.B.N. and produce TV programs for the Spanish countries for 7 years. Now I'm in Cedartown working for the Lord and enjoying very day.

You are about to begin a great journey into the language of the Spanish speaking world. As you start to communicate in Spanish I pray that you will get acquainted with many of the countries and cities of the world where people speak Spanish. There are about 350 million people that span 20 countries, three continents, and four islands. The door that will open to you could very well make your life more exciting and rewarding. I prayed that you see yourself working in the field in the years to come reaching souls for the Kingdom as well.
